

EXTERIOR CHECKLIST

1. Check engine oil level.
2. Check engine coolant level.
3. Check that the tires are inflated properly.
4. Check that all awnings are stowed.
5. Check that the antenna is down.
6. Fill fresh water tank (if needed. I do this first so I can check all the other fluids while it's filling.)
7. Check that all utilities have been disconnected and stowed.
8. Verify that all cargo bay doors are locked.
9. Start engine and retract all jacks.
10. Ensure air bags are fully inflated: coach is in "ride height."
11. Completely retract all slides.
12. Verify the turn signals and braking lights are working properly on the coach and a tow vehicle (if present).
13. Be sure to test braking system to make sure it is working properly on the coach and a tow vehicle (if present).
14. Check that your departure path is clear of obstacles.

INTERIOR CHECKLIST

1. Store all unsecured items:
 - a. Under the bed storage
 - b. Under the sofa storage (if applicable)
 - c. Behind bedroom TV
2. Lock dishwasher, refrigerator and freezer.
3. Make sure to lock shower doors and closet doors.
4. Lock bedroom door in Open position. Wardrobe cabinets will need to be latched into place
5. Close pantry slide out and door firmly (if applicable)
6. Empty toilet and close lid (both toilets if 1.5 bath floor plan).
7. Check and close all fan vents and windows.
8. Set GPS and other devices for travel to your destination.
